Each item of information contained in the information disclosure statement was first cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the present Information Disclosure Statement or before the mailing of a first Office Action on the merits from the U.S. Patent and Trademark Office. Therefore, in accordance with 37 C.F.R. 1.97(c)(1), no fee is enclosed.

The items identified in this Information Disclosure Statement may or may not be "material" as defined in 37 C.F.R. 1.56 and the submission thereof by Applicants is not to be construed as an admission that any such patent, publication or other information referred to is material or considered to be material (37 C.F.R. 1.97(h)), or even qualifies

Identification of any reference or patent herein is not an admission, nor is it to be construed as an admission, that it was invented prior to the invention disclosed herein. In addition, the filing of this Information Disclosure Statement is not to be construed to mean that a search has been made or that no other material information, as defined in 37 C.F.R. 1.56, exists.

Foreign Language References. To fulfill the requirement for a concise explanation of the non-English language references, Applicants submit English language translations of the abstracts attached herewith as Appendix A, pages 1-5.
